### **My School**

School is the place where we learn to read and write. It is the most crucial place for a student. It helps us to learn new things. Some of the walls are massive and ceilings are very high. Even the cruel summer fails to make our classroom hot and humid. The location of my school is just by side of their historic fort. The high walls of the fort scarred with signs of wind and weather, look wonderful. They have a mystery of their own. We understand our history lesson very well because of nearness to the famous fort. The teaching staff at my school is kind and devoted. A large playground with a row of evergreen tall trees faces the school building. What is more, it is away from all the hustle and bustle of the main road. I am glad that my school is far ahead of others in good results, sports, debates, library and scouting. Schools teach us how to be consistent and punctual.

### **A Visit to a Museum**

A visit to a museum is interesting as well as educative. The Lahore Museum is an important place where work of art, and other objects of historical value are kept and displayed. It is an old imposing building with a high ceiling. The Incharge of the museum is called the curator. Our well informed teacher took us round different of the beautiful museum. It had beautiful paintings of fruit, flowers and natural landscapes. There were nearly arranged glass-cases which displayed ancient swords, daggers, garments, ornaments, coins, bows and arrows. There were tags with brief descriptions on most of the items on display. There were paintings, pictures and clay models of ancient craftsmanship. The huge statue of Queen Victoria lay in one room of the museum. There were old manuscripts of

the Holy Quran in another room. Full size doors and frames with primitive fittings were specimens of rare woodwork craftsmanship, the impressive display in the museum gave us a wealth of information and insight into our past, and it left a deep imprint on my mind.

### **A Visit to a Hospital**

A visit to a hospital does not give us any kind of pleasure. It leaves a depressing effect on one who visits it. A clash took place between two rival parties in which three persons received bullet injuries. My father went to the hospital to enquire about the health of one of the injured. I accompanied him one day and saw the pitiable condition of patients in the ward, there were about 30 beds with patients either laying or reclining. About half of a dozen of patients were moaning miserably and their condition was critical. One of them stopped moaning after about an hour and I was shocked to learn that he had expired. After a couple of hospital formalities, the dead body was handed over to his relatives.

As I entered the heart of the building, I saw scores of people lying in their bed. Ailing children were wailing, a few women suffering from some disease were lying out under a tree. They looked more like skeletons. An unconscious patient was being carried on a stretcher. Some boys were brought on cost with fractured bones. A profusely bleeding woman, injured in an accident, was being taken to the casualty ward. There was some bandaged patients who winched with pain. The courtyard and the corridors were crowded and the sight of suffering was unbearable. As I came out of the hospital, I heaved a sigh of relief.

### **How to Keep our Town Clean**

Cleanliness is next to godliness. We must give a serious thought to this golden truth. Neat and clean environment has a cheerful effect, it is a sure sign of civilization. Knowledge is a great blessing of Allah. We are fortunate to have the opportunity to receive education. As school going boys and girls it is our responsibility to keep our town clean. We ought to develop civic sense. We should not throw fruit and vegetable peels all over the street. A banana or melon peel thrown carelessly on the road can cause a fracture or even death, plastic, polythene and wooden items should not be thrown into main holes. A choked gutter spreads filth and stench all disease and in sanitation. We can politely prevent one another from spitting on floors. We should not throw hard things or stone in toilets. We should not be shy taking a broom and sweeping the littered portion of the street in front of our door. We should take care of trees, plants and flower beds in a park. If we happen to pass by an unattended running water tap, we should stop and close it. As citizens we should be vigilant and report to the municipality if its staff neglects its duty. We can also add to cleanliness if we sprinkle water on our portion of the road. Dust and pollution can be effectively controlled if every one of us lends of a helping hand. God loves people who practice purity and cleanliness.

### **An Industrial Exhibition**

An industrial exhibition was arranged in March last year. The intention of the organizers was to exhibit industrial products at one place. The trading community and the general public showed keen interest in the products. Accompanied by my elder brother and sisters, I went round the elegant and brightly lit stalls. Exhibit included textiles and garments, electrical goods, household items, handicrafts, glass wares, furniture, sewing machines and

stainless steel. The Pakistan Railway and Wapda had put up very informatory stalls. Heavy industrial goods, rollers, water pumps, tube-well equipment, motors, fertilizers and machinery were also on display. Prices of consumer goods were quite reasonable. Manufactures were selling their products at reduced rates. Besides, there were food and entertainment stalls which attracted the cheerful crowd.

### **A Road Accident**

The other day I witnessed an accident on the Lahore – Narowal road. It was a very sad spectacle. The road at the spot was littered with broken glass, bits of wooden frames and iron bars. The luggage of the passengers of the bus was in a muddy sideway nullah. There were little pools of blood with bricks around them. A horse lay dead right in the middle. A Tonga frame nearby was just like a heap of broken painted wood. A head on the collision between a bus and a truck had taken place. The terrible collision had its impact on the nearby tonga. Two persons were killed on the spot and five others sustained serious injuries. The bus lay on one side with its heavy wheels raised high in the air. The police arrived and took measurements and recorded statements.

### **How can we avoid accidents?**

### **How can we avoid accidents**

It is a sad fact of the modern life that in our big cities thousands of men, women and children die every year in road accidents. Most of the road-side accidents occur either because of the ignorance of traffic rules or inability to read and follow the road signs out of carelessness of the road users.

Accidents are mostly caused by people. The traffic accidents are the fault of those people who do not care for their fellow human beings. Accidents can be avoided if we follow the following rules.

1. We should always lookout what is going around us.
2. We should not walk on the road if there is a footpath.
3. We should take care when crossing the road. We should look both ways and keep looking all the way across
4. We should use zebra crossing while crossing the road.
5. We should drive in the left and lane except when overtaking

We can avoid accident if we drive more slowly, look around us and take notice of the effects of our actions on the others if we, as a whole, have more traffic sense, all of us will be much safer on the road.

### **How can men change their destiny through determination and hard work?**

It is true that men can change their destiny through determination and hard work. Life is not a bed of roses. Man is the architect of his own life. If we look into the past we shall come to know that all great men who passed away worked with diligence and courage and changed their fate. Ibrahim Lincolns was the son of a wood cutter but he worked hard and shaped his destiny.

Man is born to struggle. All that is great in man comes through hard work. In all walk of life determination and endless work is present. Man can reshape the most ugly and awkward circumstances into the most favorable one.

Quaid-e-Azam became the greatest leader due to hard work and great will power. The road to success is never straight and leveled. It has ups and down. Therefore man should work hard. Hard work is the biggest truth that cannot be falsified. Man can reach the highest ring of the ladder if he works hard. So we have to perform the duties assigned to us.

### **Advantages of Library**

Libraries attract people to read and develop habit of reading and learning. It increases their thirst for reading and expands knowledge. A public library has the widest range of influence. There are many advantages of libraries. It is also essential for any kind of research on different subjects. They provide knowledge and guidance to the people. They develop the character of the nation. They encourage the habit of reading among the people. They help in research work.

Our school libraries are not playing their role successfully. There is practically no reading or borrowing facilities. Libraries help the people in their self-education.

A library offers a wealth of resources, space to study or hold events, and a world of books to discover and borrow. People read novels, stories, dramas and poetry. They develop a spirit of discipline, self-reliance, research and fellowship. They have a healthy beneficial effect on the minds of the students. Book help in building their character and developing personality. Libraries make the people active, helpful, resourceful and trust worthy.

### **A Rainy Day in Summer**

A rainy day in summer always brings a lot of delight for all the people. In summer there is extreme heat and scorching winds. The sky was clear and the bright sun burnt the earth men, beasts and birds gasped for breath. Soon a wind sprang up. Thick dark clouds appeared in the north and covered the sky in no time. They flashed and thundered first it began to drizzle and then it came down in big drops. It rained heavily for two or three hours. The water poured down the spouts.

Soon the streets were filled with water. They looked like canals. The water was knee-deep. The boys ran about in the streets. They floated paper boats. The air became cool and pleasant. The heat disappeared and the weather became ideal. The trees became fresh and green. A rainbow appeared in the sky. The boys enjoyed swings. The roads became muddy and slippery. Many trees were uprooted by strong wind. Some houses also collapsed causing great damage. Many birds fell down and died. The crops were also damaged. But with all this everybody welcomed the rain as it gave great relief from the burning heat of summer.

### **Life in a big city**

Life in a big city is exciting and ever-evolving. There are a lot of opportunities to learn and grow for people residing in a big city. Daily life in a big city like Lahore is ever so busy and exciting. The busiest parts of the day are called peak hours. The rush of traffic in the morning, at midday and in the early evening is at its peak. The big urban transport buses, wagons, cars, motorcycles and Tongas pass up and down from morning till late in the night.

The Mall is the busiest road. The main avenue is remarkably clean and green. Traffic Policemen are always on duty here and they regulate the heavy

traffic efficiently. Well over a hundred thousand vehicles and half million people pass up and down this busy thoroughfare in a single day.

Life in a big city like Lahore is a whirl of activities. It provides a chance to grow personally and professionally. Life in these cities is fast paced and only those who have a smart bent of mind can survive here.

### **Health is Wealth**

"Health is wealth" is a well known proverb often quoted by our parents and teacher. When people meet, they usually ask one another "How are you"? "How are you getting on"?

Health is precious and certainly a great blessing of Allah Almighty. Hygienic environment, personal cleanliness, wholesome food and a regular way of life are conducive to health. Early to bed and early to rise, meals at regular times, recreation and rest are sure to make a man healthy, wealthy and wise. Young people, who have plenty of energy, need to take vigorous athletic exercise in the fresh open air.

In case we are run down, overworked or dreadfully sick we consult a good doctor. He gives us a tonic or prescribes a special diet "You are working too hard", he may say, "That's what the trouble is you cannot go on burning the candle at both ends".

Sometimes staying at one place, year in and year out, tends to make us weary and stale. It is a signal that what we need is a complete change in our environment. If we go to some other places at the hills or in the country sides, it does us a world of good. Change and fresh air are better than all the tonics in the world. Eating out is generally avoided by health conscious men and women. Home-made cookies are the safest and the best in the world.

### **A terrible Roadside Accident**

The other day I witnessed an accident on the Lahore- Sarghoda road. It was a very sad spectacle. The road at the spot was littered with broken glass, bits of muddy sideways nullah. There were little pools of blood with bricks around them. A horse lay dead right in the middle. A tonga frame nearby was just like a heap of broken painted wood.

A head on collision between a bus and a truck had taken place. A truck was coming from Sargodha. The driver was driving the truck at full speed. When he reached the crossing, the traffic light turned red. The driver ignored the red signal and the truck struck a bus coming from opposite side. It was a terrible accident.

The terrible collision had its impact on the nearby tonga. Two persons killed on the spot and five others sustained serious injuries. The bus lay on one side with its heavy wheels raised high in the air. The police arrived and took measurements and recorded statements.

### **The Value of Scientific Education**

IN the ancient times education meant literary education only. Grammar philosophy and literature comprised the syllabus teaching of astronomy and medicine was neither scientific nor comprehensive. Now teaching of science has become very important.

Science teaches us to see things as they are. It lays stress not on form but on facts. Science has also taught us to win control over the forces of nature and turn them to our use. Epidemics have been controlled through the beneficent forces of science. Above all, sciences has given us a new outlook on life.

Science has a great achievement of science in the field of peace. Scientific education does not mean knowledge of scientific inventions. That is only a part of it.

Its real purpose is to create a scientific attitude in students. We look at things through the prism of our feelings. This distorts the shape of things. Scientific teaches us how to take a detached view of things.

In Pakistan we need engineers and technicians to our factories and run our industrial plants. We want doctors and chemists to combat disease. Scientific education gives us a wider outlook of life.

### **My Last Day At School**

The first and the last days at school are the unique significance for students. While the first day at school, may cause anxiety, fear and nervousness, the last day is a day of hope, confidence and preparedness. My last day at school is still fresh in my memory. I felt very relaxed because there was no teaching work that day. My heavy satchel was on my back at last. It was a big relief. I took the bus quite leisure and got off at the school bus stop. I made my way through small groups of school fellows talking noisily and a good many embracing with one another. Our juniors of ninth class hosted a farewell party and entertained us to a variety of sweet meats and tea.

Our worthy headmaster and kind teachers also participated. Formal farewell speeches were made on the occasion. A boy sang a ghazal and delighted the audience with his melodious voice. Finally the headmaster addressed the gathering and advised the students to work with devotion and be well mannered to succeed in life. Before dispersing we thanked our juniors for their nice farewell.

## **Sports and Games**

Sports and games play an important role in the development of human personality. They are no less important than food and fresh water. The facilities of course are not adequate at present. The situation is expected to improve in the near future. The Pakistani school boys and school girls know full us the meaning of the proverb. All work and no play make Jack a dull boy. They teach us sportsmanship, brother hood which is important in our lives. A number of school clubs and societies hold athletic contests. These contests include walking, jogging, jumping, swimming, rowing, boxing and gymnastics. An athlete is trained to be perfectly fit to engage in such contests. Moreover, football, hockey, cricket, tennis, badminton and table tennis are among the favorite organized games in school. All such sports and games certainly benefit both mind and body. Thus, games cure us of laziness and make us physically as well as mentally alert.

### **An Industrial Exhibition**

An industrial exhibition was arranged in Islamic in March last year. The intention of the organizers was to exhibit industrial products at one place. The trading community and the general public showed keep interest in the products. Accompanied by my elder brother and sisters, I went round in the elegant and brightly lit stalls. Exhibit included textiles and garments, electrical goods, household items, handicrafts, glass wares, furniture, sewing machines and stainless steel. The Pakistan Railway and WAPDA had put up very informatory stalls. Heavy industrial goods, rollers, water pumps, tube-well equipment, motors, fertilizers and machinery were also on display. Prices of consumer goods were quite reasonable. Manufacturers were selling their products at reduced rates. Besides, there were food and entertainment stalls which attracted the cheerful crowds.
